

Doctors, lawyers, merchants, elevator boys, lingerie drummers and crap shooters, Nellie vamped 'em all. She even set four inmates of the Old Men's Home to writing love letters.

The Sweetest "Vamp" Story Ever Told

Some girls are born vamps—some achieve the art—others have it thrust upon them. Nellie's came all three ways. She had a smile that would civilize a Bolshevik—a pair of eyes that would dazzle a saint—and the manner of a Sunday school teacher.

She has a list of victims from Frisco to Main Street, New York, and their necks were all sore from looking over their shoulder at her. She said nothing—but when she smiled! Oh, sweet cookie, when she smiled. And she'll win your heart the same as she did all her victims.
